

# SHAGUFA ALI HAIDER

## > Undergraduate Student

Computer Science graduate student passionate about Cross-platform coding and Programming Logics. Self motivated and a hardcore learner as to sharpen my skills to meet the daily advances in the field of technology.

## > TECHNICAL SKILLS

### Programming Languages

- Java
- Python

### Technology (elementary)

- HTML
- CSS

### Subject of Interests

- DBMS
- SQL
- OOPs

## > PROJECTS

### Health Care Data Protection Using Digital Watermarking

The projects aims to create a smart way to protect healthcare data by adding digital marks, like secret codes, to keep patient records safe when they are sent or stored. This helps follow rules about privacy and makes healthcare information more secure.

### The SHA Clinic

Developed 'The Sha Clinic' project using HTML and CSS for a user-friendly healthcare website.

## > CERTIFICATIONS

### Industrial Training - Core Java with DBMS (AICT)

Annovatech Institute of Crystalline Technology Pvt. Ltd

### Programming in Python

Coding Ninjas

"The Joy of Computing using Python" under IIT Ropar  
NPTEL

## > EXTRACURRICULAR ACTIVITIES

- Volunteered the TechFest Horizon 2023
- Core Committee member of Student Organization Club BCREC

## > SOFT SKILLS

- Communication
- Teamwork
- Creativity
